

Allowing Any Firmware Version to be Pushed by n-Command EE

The following guide explains how to configure n-Command EE to allow any firmware version to be pushed to devices.

1. Open *C:\ Program Files\Adtran\n-Command\n-CommandServer\nCommandService.exe.config* in a text editor
2. Find the line that says: **<!-- Server configuration, DO NOT CHANGE -->**
3. Just below that line, add the following line: **<add key="Aces" value="true"/>**
4. Save and close the file
5. In the Windows Services manager, restart the **n-Command Server** service
