TSU 600 (e) Module Slot Restrictions

The following modules have slot restrictions when used in a TSU 600 (e):

- DSX-1 Module (1200055L1#HS) ----------- Slot 6
- Full Drop and Insert Module (1200065L1) ----------- Slot 6
- Multi Port DBU Module (1200089L2#HS) ----------- Slot 2
- Dual U-BR1TE Module (1200107L1#HS) ----------- The first Dual U-BR1TE Module configured for NT (network termination) mode must be installed in Slot 1 with three consecutive DS0s mapped (2B+D). In addition, the network timing mode must be set for DTE SLOT 1.
